YEAR 7 MATHS TEXTBOOKS 2017

Dear Parents/Guardians,

For Year 7 Mathematics classes next year, your child will be placed in a class determined broadly by available assessment data. This in turn determines the textbook they will require as the booklist displays a choice of two.

To try and simplify this process we will work in partnership with TOPBOOK SHOP to ensure that your child receives the correct book.

We ask then that when you order from the booklist, you simply choose EITHER book. TOPBOOK SHOP will then deliver the registration cards to the College and we will distribute the correct card to each pupil.

Please do not hesitate to contact me should you require further clarification.

Yours Sincerely

Mr G. Taylor

Mathematics Coordinator
MacKillop Catholic College, Warnervale
