

We're getting ready

COMMUNITY OF CATHOLIC SCHOOLS

Learning opportunities in their early years provide children with the skills they need to succeed in school and grow up to be healthy, productive adults. With many 4 and 5 year olds unable to attend their preschool over the last couple of months, the Community of Catholic Schools Central Coast have developed a range of resources to assist parents prepare their child for kindergarten.

Contact us to organise collection of a booklet of tips and activities on preparing your child for kindergarten along with this bag of great learning tools.
